

Teacher Art Retreat

Get Inspired! Be Inspiring!

Movement ~ Mindfulness ~ Music ~ Math ~ Mixed Media ~ and MORE!

August 1-3, 2016

This is PD for Creative Teachers

The focus project is for you to relax and create – to go through the creative process over the course of the three days. This year, we will be exploring **Recycled Art with Renee Schneider**. In this workshop you will learn techniques you can use to transform everything from cardboard and plastic, to old magazines and CDs through a variety of projects.

Workshop 1 – Pysanky (Ukrainian Egg Decorating) with Jennifer Santa Maria In this unique workshop, Jenny will share her modernized approach to this medium and how she explores and experiments with mathematical concepts while enjoying the therapeutic and soulful process of creating intricate designs on eggs.

Workshop 2 – Origami for Math and Mindfulness with Stacie Lea Greenland You will be introduced to the *Sonobe* origami component to explore math concepts and will create a modular lotus flower through paper folding, which can also be used to teach a deep breathing technique called *flower breathing*.

Workshop 3 – Music and Movement with CarrieJaye Scott In this workshop, you will learn simple ways, including yoga games and song cards, to incorporate music into your everyday activities that will increase language, stabilize moods, and curb behaviors.
